PROFESSIONAL SUMMARY

Enthusiastic BSc.CSIT student in the final year of study, with hands-on experience building full-stack web applications through academic and personal projects. Skilled in HTML, CSS, JavaScript, React, PHP, and Python, with a solid foundation in database design and version control. Maintains a personal portfolio website and GitHub profile showcasing project work and technical growth. Eager to secure a Web Development Internship to apply technical skills to real-world projects, learn from experienced developers, and grow into a well-rounded software developer. A fast learner who is adaptable, detail-oriented, and committed to writing clean, maintainable code.

EDUCATION

Bachelor of Science in Computer Science and Information Technology (BSc.CSIT)

Birendra Multiple Campus, Tribhuvan University

Currently in 8th Semester • Expected Graduation: 2026/2027

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React

Backend: PHP, Python

Database: MySQL, SQLite

Tools & Platforms: Git, GitHub

Programming Languages: C, C++, Java, Python

PROJECT

Masu-Bazar — Web Application | HTML, CSS, JavaScript, React, PHP, MySQL, Python

- Developed a full-stack web application as an academic project, covering both frontend and backend implementation.
- Designed responsive, user-friendly interfaces focused on usability and clean navigation.
- Built backend functionality and managed application data using SQLite for structured, reliable storage.
- Contributed to the complete development lifecycle, including debugging, testing, and feature implementation.

PORTFOLIO & GITHUB

I maintain a personal portfolio website that presents my skills, projects, and background in an interactive format, alongside a GitHub profile with a growing collection of repositories reflecting my hands-on approach to learning web development. Recruiters are welcome to explore both for a closer look at my code quality, problem-solving approach, and consistent progress as a developer.
